DXpedition News

Vietnam - 3W Paul Scipione AA2AV returns to Vietnam June 21-30, this time as a member of New Jersey's Agent Orange commission. He has applied for the callsign **3W3AV**, but won't know for certain until he arrives in the country. He will concentrate on 40 and 20 meters, CW only, operating during the best times to work the US. Miniprop Plus suggests around 1200Z on 40, and around 0000Z on 20. QSL home call.

Angola - D2 Peter Casier ON6TT will be in Africa for the next six weeks, working for the Red Cross. First stop is Angola June 16-July 16, using the requested callsign of **D2TT**. He will concentrate on the new bands and the low bands. Sunrise 0525Z; sunset 1655Z. QSL to Ghislain Penny ON5NT, Linderstr. 46, B-9880 Aalter OV, Belgium. Peter was one of the **3Y0PI** DXpeditioners.

Edited by Chod Harris VP2ML

The DX Bulletin

America's Premier Weekly Amateur Radio Publication

Malawi - 7Q Peter moves over to Malawi July 17-Aug. 5, with a tentative callsign of **7Q7XT**; same information as above. Sunrise 0400Z; sunset 1520Z.

South Africa - ZS Uli von Aswegen **ZS6IR** will be active July 1-21 on SSB, concentrating on the low bands. Try 7042-55 kHz, listening near 7225 kHz; and 3780-3800 kHz, 2000-0600Z. Skeds may be arranged via packet radio: ZS6RI@ZS0HUT.TVL.ZAF.AF. [That is not a typo; packet address is ZS6RI.] QSL to DJ4JZ, direct or via the DARC (German) bureau. The *Callbook* address for ZS6IR is incorrect.

Shortly Noted

■ **EP2DL** has been noted on 14151 kHz at 0045Z, and **EP2ASZ** has been on 20-meter CW after 2200Z, according to European sources. (EADX.)

■ **ZA1E** likes 21295 kHz around 1500Z; QSL I2MQP.

■ **ZD8OK** will again be activated by Jon GW0FJT Aug.-Jan. 1995. QSL via N8ABW. (DXNS.)

■ **D3X** is the current callsign of D2EGH, for the next week or so. Try 14195 kHz 2000Z-0130Z; QSL CT1EGH.

■ **DU7/SM0CNS** will be active from the Philippines July 1-31. QSL home call. (DXNL.)

■ **3XY0A** is the strange callsign of Dragan ex-3X0YU. QSL via YU1FW. (LNDX.)

■ **9G:** 4X4MS will be in Ghana for the next year. If he can get operating permission, QSL to Box 1645, Accra.

■ **VP5NC** in July is Will AA5NC. He'll enter the IARU HF Championship on SSB and CW, and will be on the new bands outside the test; QSL home call. (OPDX.)

■ **Argentine postage** rates have increased. The first unit of airmail postage now costs US$1.50, or one IRC. This covers 20 grams maximum; an airmail envelope and up to three standard QSLs.

■ **RTTY: KF4KL** will operate from Grenada **J3** June 16-23, on all digital modes. Spots: **5R8KH** 14073 Pactor 1700Z; **TY1PS** 14081 1620Z; **ZA1AJ** 14081 1140Z; **Z21HD** 21085 1720Z; **ZC4ZZ** 14090 1750Z; **VQ9JB** 14089 1820Z; **7X2DS** 14084 2125Z; **A45XC** 14087 1645Z.

■ **Six Meters:** Dave VP2EHF advises that the Anguilla six-meter beacon is enroute to the US for much-needed repairs. However, he advises that anyone hearing the Caribbean on Six should call either himself or his wife Dorothea VP2EE at 1-809-497-2150 (FAX:1-809-497-3557) and they will then turn on the rig and turn the beam.

■ **SSB Nets:** Spots: **14226.5** kHz (11,18Z): VK4LV VR6AB OD5MM S92YL GD4PTV 1B1AB BV2FA TI2JJP PY0TUP; **14247** (21Z): A71BY TU2JL D3X.

■ **IRCs** available: George Taft W8UVZ has valid IRCs for sale at US$0.60 each, including postage in the US, in multiples of 50. These are all correctly stamped on the left side. Contact George at his *Callbook* address: 271 Parkshore Dr., Battle Creek MI 49017.

Islands On The Air

■ **DL0UDS** will be active June 22-July 18 from Norderney Island (EU-047). QSL to DL8BL.

■ **IK2HTW/IA5** will be active from several islands in the Tuscany region (EU-028) to June 19. (DXNS.) See inside for more information on the Italian Islands program.

■ **WB1CBY/VE8** is active from Resolution Island (NA-130) June 25-July 31. QSL home call.

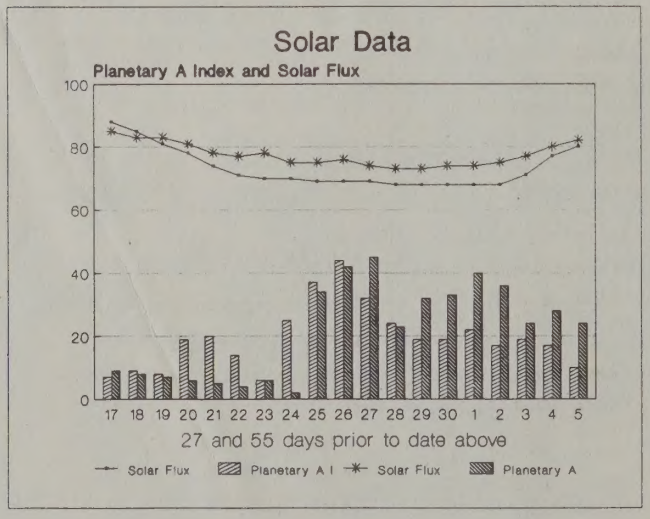
Propagation Watch

Solar activity increased slightly last week. Solar flux inched up from the near-bottom levels of late May and early June. (The sun was completely spotless May 27-June 5!) However, the small increase in solar flux hasn't boosted maximum useable frequencies (MUFs) much. 20 meters remains the main DX band, with some limited, weak openings on 17 meters and even 15 meters during the day. Seasonal effects put additional downward pressure on MUFs, as we near the summer solistice June 21st.

Conditions this weekend will be about as good as we can expect for the next few weeks. Look for solar flux to decline rapidly to very low levels over the next week. Then the remains of the Killer Koronal hole will likely disturb conditions around Field Day weekend June 25-26.

The one bright spot in the propagation area is Sporadic E. There have been many reports of good openings on 10 and six meters, including some multihop paths. Check these bands for this elusive, but exciting propagation mode. Good hunting!



Italian Islands

Italian Island Trophy contest runs from May 1 until October 31, 1994. Work as many islands as possible referring to the Italian Island Award (IIA). Each island counts one point, regardless of band or mode; but no QSOs via repeaters. Send a copy of your log by December 31, 1994 to the Diamond DX Club I8IYW, PO Box 5083, I-80144 Napoli, Italy. (TNX I1JQJ)

UA1N Deleted

UA1N Karelia has been deleted from the WAE-Country List. This concerns European awards and contests (including also the CQWW DX Contest)! The complete WAE Country List can be found in the German magazine CQ-DL May 1994 on page 345. (DXNL.)

New Orleans International DX Convention

When calling the Royal Sonesta Hotel to make your reservations for the New Orleans International DX Convention Sept. 2-3, don't use the 800 number in the flyer. For the special $99 rate, good until Aug. 1, call the hotel directly at 504-586-0300. (The reservations crew at the 800 number don't know about the special rate.)

The convention promises to be a good one, with V73C, E31A, VK9MM, EA9, and 3YØPI DXpedition reports, technical talks on coaxial cable and amplifiers, DXAC and DXCC reports, and more. See you there!

Special-Event Stations

The Canton Amateur Radio Club will operate **W8AL** July 25-31, to celebrate the Pro Football Hall of Fame Greatest Weekend. On CW, try 3700, 7125, 10120, 14050, 18080, 21125, 24910, and 28125 kHz. On SSB, watch 3870, 7270, 14270, 18150, 21350, 24950, and 28350 kHz. There will also be satellite, RTTY, packet, and VHF activity. They offer a nice certificate for working the special-event station. For an unfolded certificate, send your contact number and a 9x12 SASE with two units of first-class postage. For a QSL or folded certificate, send your contact number and QSL with a #10 (business-sized) SASE to Randy Phelps KD8JN, 1226 Delverne Ave. SW, Canton OH 44710-1306.

Also, the Old Barney Amateur Radio Club will operate **W2OB** Aug. 6-7 from Old Barney, the Barnegat Lighthouse in Barnegat Light, New Jersey. This is on the IOTA island of Long Beach (NA-111). They'll be active 1300-0000Z both days, in the bottom 25 kHz of the General-class subbands of 40, 20, 15, and 10 meters. QSL to NU2F, with a 9x12 envelope and two units of postage for an unfolded certificate.

Look for **VI4WWA** all August (and to the end of October), celebrating the annual Whale Festival in Hervey Bay, Queensland, Australia. The Hervey Bay Amateur Radio Club will be on or around 3794, 7100, 14235, 21250, and 28495 kHz. They offer an award that consists of a large, glossy, color photograph of a humpback whale, for US$5. QSL, and apply for the award, at HBARC, P. O. Box 829, Hervey Bay 4655, Queensland, Australia.
